DIVINE REVELATIONS  
FROM THE ACTUAL GOD

### THE DIVINE PATTERN OF CREATION

THE ACTUAL GOD created for mankind a blissful existence in His eternal Paradise of Heaven. Alas, mankind lost their divine link of Direct-Worship of the Actual God and fell prey to visual-worship – all of which originates from the devil – and entangled themselves into extreme suffering.

88 Notice! The entire creation  
Stands built in a way – that  
You should not see the Actual God anywhere,  
You should only feel the Actual God everywhere.  
So do not be lured into the belief,  
No matter how tempting it may seem,  
That anything that you can see  
Can ever be the Actual God!

89 And remember this very clearly:  
That only Direct-Worship of the Actual God  
Is My worship and leads to Heaven.  
There is absolutely no other way.  
Whereas, any form of visual-worship  
Is not worship of the Actual God,  
And does not lead to Me.  
This is a divine rule for all creation.

- 90 Consider a large gathering  
Of diverse and neutral people,  
And display before them a series of pictures  
Of different entities of every kind,  
From prophets, saints and gurus to inanimate objects;  
It would be hard to have them all surrender in unison  
Before any single prophet, saint, guru or entity  
And willingly accept and worship it as their god.
- 91 You would not find them unanimous in accepting  
Any prophet, saint, guru or entity as God;  
For understand very clearly  
That no human being or visible form can ever be  
The universally common eternal divine entity  
Worthy of worship by all mankind,  
Without any discrimination of any kind  
Since the beginning of mankind's creation.
- 92 But if you suggest that those same people  
Join and be united in worship  
Of the Actual God - the Actual Creator  
Who actually created them  
And all creation and all mankind,  
And the entire universe and life that exists -  
You find them in wholehearted agreement  
Without any fear or dispute or hesitation.

- 93 Understand very clearly,  
That this creation was created,  
And designed and built in a way  
That all mankind should worship,  
Without any difference or discrimination,  
The universally common eternal divine entity:  
The Actual God, the Actual Creator  
Who actually created them and all creation!
- 94 There can be nothing so divine for worship  
Throughout all creation,  
So as to be able to replace  
The Actual God - the Actual Creator -  
Who actually created all mankind and creation,  
As the universally common eternal divine entity  
For worship by all mankind,  
Ever since their creation.
- 95 So if you aspire to reach Heaven,  
Then understand very clearly  
That worship of visual forms and entities  
Is strictly forbidden for you.  
If you see anyone teaching  
Worship of visual forms and entities,  
Then be sure without any doubt  
That he is leading you away from the Actual God!

- 96 A true prophet of the Actual God  
Must show you the way to the Actual God,  
By teaching you Direct-Worship,  
Which is the worship of your Actual Creator.  
In this way, he should guide you  
Along the correct path that would lead you  
Back to My eternal Paradise of Heaven,  
Which was your true eternal home.
- 97 A true prophet of the Actual God does not need  
Gimmicks, halos, miracles or magic tricks  
To convince you on religion, for  
He is not expected to portray himself as God,  
Or an incarnate or exclusive child of God,  
Nor is he expected to have himself worshipped  
In My name in any way.  
Accordingly, miracles are evil signs of the devil.
- 98 As you understand already,  
There exist only two types of worship:  
Direct-Worship - which is divine  
And leads to Me, the Actual God;  
And visual-worship - which is irreligious  
And leads to the realm of the devil.  
Accordingly, there stand precisely  
Only two types of enlightenment-seekers:

- 99 Those seekers who procured enlightenment  
By dedicating all their prayers and sacrifices  
And penance of every type  
Toward Direct-Worship of the Actual God  
Achieved My Direct-Worship enlightenment,  
Which leads to the Paradise of Heaven,  
Ensuring the strength of their following  
In honor of the Actual God.
- 100 While those seekers who procured enlightenment  
By dedicating all their prayers and sacrifices  
And penance of every type  
Toward visual-worship of any kind,  
Achieved visual-worship enlightenments,  
Which lead to the kingdom of hell,  
Ensuring the strength of their following  
In favor of the devil!
- 101 The devil controls your world  
And strangles you with his reign,  
Determined to drag you all to hell.  
Since visual-worship religions  
Have had a majority following  
Within your population for so long,  
The evil influence of the devil  
Is very dominant over your world.

- 102 As the ruler and controller of your world,  
He has exploited your ignorance and gullibility  
To move you in the evil direction he has chosen.  
Thus, you find this world being dragged  
Systematically farther and farther away  
From the Actual God - Who actually created you -  
Toward a society where the divine teachings  
And the existence of God seem rational no more.
- 103 Respecting My own strict laws of justice,  
I will not intervene in the rule of the devil;  
But as the Direct-Worship following in your world  
Grows stronger and stronger  
My influence over your world will also grow.  
This divine guidance of mine  
Will lead you back to Heaven assuredly,  
While also eliminating all suffering from your world.
- 104 This world would then start moving  
In the direction of My divine teachings,  
And experience a rapid change of course  
Toward the correct direction of the Actual God,  
Toward righteousness and good conscience,  
And, surely, away from all suffering -  
In the same manner that it had moved  
In the direction opposite to the Actual God.

- 105 Although I, as the Creator of all creation  
And the supreme authority of the universe,  
Can crush and destroy the devil instantly,  
I would never do so,  
For My strictest laws of justice  
Allow every individual the freedom  
To choose and progress  
In whichever direction they desire:
- 106 Whether it is a good and righteous direction  
Or a bad and evil one,  
Whether on a path toward Me  
Or one away from Me -  
Without denying them their dues of destiny,  
As measured by My uniform code of justice.  
This includes the devil as well,  
Who has chosen to oppose Me - the Actual God.
- 107 Having received your dues of destiny on earth  
Measured by My uniform code of justice,  
On your day of judgment  
You will finally meet justice,  
And find your place and appropriate dwelling  
According to the direction that you had chosen,  
Whether the divine direction that leads to Heaven,  
Or an evil direction that leads to the devil in hell.

- 108 Realize that every individual in your world  
Makes an impact and  
Shapes your society accordingly,  
To the extent of their destiny  
By the role they play.  
The overall image of your society thus  
Stands as the collective sum  
Of the impact of all mankind.
- 109 As you already know,  
In the pattern of creation for this world,  
Every individual enriches or corrupts,  
And shapes this society accordingly.  
Doctors, pharmacists, farmers, and others,  
Enrich and shape this society positively  
To the extent of their destiny,  
By the constructive role they play;
- 110 While gamblers and narcotic dealers,  
And purveyors of obscenity, liquor and prostitution,  
All corrupt and shape this society negatively  
To the extent of their destiny,  
By the destructive role they play  
Of entangling others into these vices,  
And ruining their lives and future  
For illusory material gains.

- 111 And prophets of My Direct-Worship,  
Who attained My enlightenments  
Through Direct-Worship of the Actual God alone,  
Teach this society the correct mode of worship  
And the divine teachings of Heaven,  
Building the gateways for mankind  
To follow those divine teachings,  
To return to My Paradise of Heaven permanently.
- 112 Prophets of visual-worship,  
Who attained visual-worship enlightenments  
Through visual-worship of all kinds,  
Demolish the gateways to Heaven for mankind  
By teaching society the worship of false gods,  
And the irreligious teachings that lead to hell  
Where the devil awaits, ready to enslave mankind  
And to inflict even more suffering.
- 113 I, as your Creator, gave you a conscience  
For judgments in line with divine teachings.  
Every time you were inclined to do wrong,  
A silent inner voice of guidance from Me  
Emanated from your conscience,  
Informing you that you were wrong;  
And punishments were assigned  
To keep you on the path of righteousness.

- 114 With a conscience in line with the divine teachings,  
You were expected to live a life of morality  
And fulfill your chosen role in this world  
Within the framework of the divine teachings;  
But you were also given a free will and flexibility  
To move, mold and shape yourself  
In whichever direction you chose -  
Whether a good, righteous direction, or an evil one.
- 115 Whenever you felt lost in making judgments,  
You could imagine yourself as their beneficiary,  
And would arrive at sound answers!  
And for whatever actions you actually performed -  
Whether in My direction or against -  
You would bear fruit against them  
Without being denied your legitimate dues of destiny  
Measured by My uniform code of justice.
- 116 The pattern of creation for this world  
That stands to be divine,  
Is that all mankind should worship  
The Actual God - their very Creator alone;  
As a consequence of which  
I - the Actual God - would be guiding your world.  
And under My divine influence,  
The world would move by My divine laws.

- 117 All mankind would be moving thus  
By My righteous divine laws and teachings,  
Resulting in the permanent endurance  
Of family values, virtue, honesty and rectitude,  
Good conscience, kindness and compassion,  
Love, affection, happiness, freedom and justice –  
And in the eternal preservation of your conscience  
In pure righteousness, as I created you to be!
- 118 And under the guidance of the Actual God,  
Research and development of technologies  
Would take place, progressing  
By the growth and study of natural products –  
Eternally preserving that natural heritage  
Which had an answer for mankind's every need –  
Rather than destroying them and  
Replacing them with synthetics!
- 119 Under the increasing influence of the Actual God,  
Consequent to a growing Direct-Worship following,  
There would be a progressive decline in painful signs –  
Of suffering, misery, cruelty and the devilish vices  
Of gambling, obscenity, alcohol and narcotics,  
Of falsehood, theft, crime and corruption –  
All of which result from violation of My divine teachings  
Under the rule of visual-worship!
